## MODERN LEATHER CRAFTING

### LEATHER LINKS -- MODERN LEATHER CRAFTING!

Bags, tags and fidget spinners, we make all these from genuine cowhide leather. Learn about leather processing, use, fashion, projects and how to create your own designs (drawing, stamping, staining and more). We use professional tools (not simply following the herd) our minds are also spinning about the physics of centripetal, centrifugal and gyroscopic forces related to weight, friction and inertia. Hope you like to sew, because Leather Links will have you in stitches. So many fun ways to learn, grow, develop and create!
