

Challenging the Youth of Today to be Leaders of Tomorrow

Dear Parents:

One of the most important decisions you will make as a parent is deciding which school to enroll your child. Make the right decision and you could put your child on a path toward lifelong learning, a prestigious college education, and a successful career. Reverend Brown School would like to assist you in this decision-making process. Enclosed in this packet is information that will give you a glimpse of Reverend Brown and why we believe our school is the right choice for you and your child.

Our school community is a caring, loving, family-oriented Catholic school that prepares children for their future by focusing attention on academic achievement, the arts, and high moral standards. We believe all children should feel safe, loved, and inspired throughout their academic and spiritual journeys to be passionate learners and live Christ-centered lives.

The school's vision for its students is to create lifelong learners that possess Catholic values and for them to be successful, productive 21st Century citizens.

Reverend Brown School offers the following advantages:

Faith and Service

The Catholic faith witnessed through practice is the foundation of our school life. Each day begins with communal prayer lead by a student or staff member in our gymnasium. We also pause for prayer before and after meals together and before we leave each other at the end of the day. Students also model their Catholic values and beliefs through daily acts of kindness and generosity. Students, teachers, and parents also participate in charitable projects and other activities throughout the year.

Academic Excellence

Reverend Brown maintains high academic and behavior standards for all of our students so that they can put forth their perfect effort every day in order to achieve their personal goals academically and socially. Our staff is committed to helping students develop the life skills necessary for them to be successful. As a compliment to learning effective organization skills and a strong work ethic, students are also immersed in utilizing 21st Century skills like creativity, collaboration, critical thinking, and communication.

Community

Every person in our school community is an integral part of the educational experience at Reverend Brown School. We connect with many of our parent groups to help us plan and implement important activities, fundraisers, and events. Our strong partnership with the parents and other community members allows us to work together to achieve common goals for the benefits of all students.

Thank you for your interest in Reverend Brown School. On behalf of the entire Reverend Brown community, we extend a warm welcome to you and your family. We look forward to hearing from you soon.

Victorious In Christ,

Patricia A. Klebez
Principal
